

# Ulyana Bychkovskaya

## Front-End Developer

Speaking about myself, I can say that I'm EASY-GOING person, because it's not a problem for me to communicate with new people. CREATIVE. During developing functionality of my sites I think about the design, from my point of view, it's the first thing people pay attention while surfing the Internet. AMBITIOUS and STRONG-MINDED. Why? I have the goal and do a lot to achieve it!
